FIRST IN SERVICE TO READERS

ANTIOCH, ILLINOIS, THURSDAY, AUGUST 16, 1951

FIRST IN RESULTS TO ADVERTISERS

NO. 3

## Frank Roblin, Aged 74, Hardware Store Owner, Dies After Short Illness

Frank Roblin, 74, hardware dealer, died at 8:40 p.m. Tuesday at his home on Osmond ave. following an illness of two weeks.

He was born Jan. 13, 1877 at Wilmington, Ill., and lived at New Lenox previous to coming to Antioch 16 years ago.

Mr. Roblin had been chief electrician on the Rock Island railroad for 27 years previous to retiring from that position and coming to Antioch in 1933.

He opened and operated the Roblin hardware store on Lake st.

He was a member of St. Ignace Episcopal church.

Surviving are the widow, Emma K. Roblin, a son, Leonard, a daughter, Susan Roblin, and a grandson. The funeral service was held at 11:30 a.m. today at the Strang funeral home with the Rev. Fr. Roberts E. Ehrigott in charge. Interment was in Elmhurst cemetery, Joliet.

## Kenosha Fair at Wilmot Draws Large Attendance Despite No Horse Show

With good weather as an encouragement, the Kenosha county fair at Wilmot was largely attended last week. Four thousand admissions were said to have been counted on the last day.

Because of lack of room the horse show was not conducted this year, but in spite of the absence of this attraction the fair drew the usual large attendance.

A track is being prepared for the horse show and races for next year. The exhibits were good and the entertainment of a high calibre.

## Fishing Still Good in Chain O' Lakes Region Conservation Dept. Says

Fishing is still generally good in the Chain O' Lakes area, according to the Department of Conservation. The rivers and streams are mostly still high and muddy. However, the Channel Catfish are hitting at night in the Fox River north and south of the Chain O' Lakes.

In the lakes region bluegills and crappies are being caught just off the edges of the weed beds in deeper water, striped bass are hitting at night near the mouth of the river in Grass Lake, in the Channel between Nippersink lake and Pistakee lake at Route 12 and near the mouth of the Channel coming into Petite Lake from Fox Lake.

Bass are hitting good in most of the lakes in the area. They are back in the weed beds and along the weedy shore line. The best baits have been the Kilted Shannon twin Spinner, the Johnson Silver spoon with pork chunks, the black plunker, the injured minnow and live frogs and large chubs.

These fish have to be worked for but there are plenty of them available. Some of the hot spots are Lake Marie where recently Chas. Chambaugh who has a summer home there caught a 12½ pound northern pike. Pistakee Lake, Meyers Bay the channels along the east shore of Grass Lake, the north Bay of Grass Lake and Ackerman's channel off Fox Lake all of the Lakes in this area have good bass, pickerel, northern pike populations and will produce if worked properly.

## Salvation Army Plans Pilgrimage at Camp L.

The third annual pilgrimage to Camp Lake, Wis., sponsored by the Metropolitan division of the Salvation Army is scheduled for Aug. 31 and Sept. 1, 2, and 3.

Twelve outstanding speakers are on the staff in the direction of camp meetings, Bible study, singings, symposiums, and prayer meetings.

Invitations are being extended to all friends of the Salvation Army, soldiers, officers, and soldiers of former years. They are privileged to bring their families.

**Suffers Fractured Ankle**  
Mrs. Robert Jackson, 419 Hardin st., suffered a fractured ankle Sunday when she fell with her bicycle at her home. She was just entering the driveway when the wheels skidded. She was taken to Victory Memorial hospital in Waukegan in having the fracture reduced.

## Appeal Made For Women To Lead Girl Scouts

An appeal was made today by Mrs. A. H. Kaufmann, neighborhood chairman of Girl Scouts for additional leaders, co-leaders, and troop committee members to help in Girl Scout and Brownie Scout work.

"Women interested in working with girls 7 to 14 years of age are cordially invited to attend a meeting at the Scout home at 8 p.m., Monday to organize the adult members of girl scouting in Antioch," she announced.

## Village Board to Study Tax Levy Ordinance; Squad Car Completed

The village board will meet in special session this evening to study and perhaps pass the new tax levy ordinance.

The trustees will study the village budget from all angles trimming costs here and there and in some instances upping the expenditure. With labor and supplies ever on the increase there is little probability that the levy will be less than last year.

Mayor James McMillen was informed that the new squad car, a Nash ambassador, completely equipped with siren, flasher lamp, and other accessories will be ready for use by Police Chief Walter Scott this weekend.

A two-way radio will be installed in the car, making possible communication with the sheriff's office or police in other villages.

## Wahoo Rollers Won Prize At Wilmot Fair, but What?

The Wahoo Rollers, a club of young people who skate at the Antioch rink, were rather confused when they returned from Kenosha county fair at Wilmot where they placed a beautiful float in the parade last week.

They won first prize, but when it was discovered they were from Illinois, it was announced that they won second prize, and when they returned home, they found their envelope contained third prize money, so the club reported.

The well decorated float conveyed costumed skaters.

It was through error that the float was registered since out-of-state entries were not permitted, it was said.

## Hawkins Not So Good In Last Week's Golfing

Fred Hawkins Jr. was not as fortunate in his play in the world championship golf tournament at Tam O' Shanter golf course last week as he was in the All-American contest the week before.

Whereas he placed second two weeks ago, he was well down the list last week. His 200 was 14 over that of the winner Ben Hogan, who took \$7,500 in prize money. Jimmy Demaret was second, while tied for third were Peter Cooper and Bobby Locke. Farther back were Lawson Little, Clayton Heafner, and Sam Snead.

## Rummage Sales Net \$20.25 For Rescue Squad Fund

Mrs. Margaret Duben of Cross lake turned over \$20.25 to the Antioch Rescue squad fund as its share of the receipts from her rummage sales held the last two weekends.

One fourth of the money obtained was turned over by Mrs. Duben to the fund. She extended her appreciation to the people who made this possible through purchases of articles at the sales at her home on Bernice ave.

## Jerrie Greens to Teach Music at Cornell, Ill.

Miss Jerrie Greens daughter of Mr. and Mrs. Edw. Greens of 1050 Bishop drive will leave Antioch on August 20 to assume the duties of supervisor of music education in the grade and high schools of Cornell, Ill.

Both schools have 100 per cent student activity in both singing and concert bands, as well as choir and group singing. A special class will also be organized for acrobatic baton twirling under her supervision.

James E. Kopriva returned home from St. Francis hospital, Evanston, where he was taken a week ago when becoming suddenly ill. His condition is much improved.

## All Antioch Schools To Open September 5; Registration Date Set

Antioch schools will open Wednesday, Sept. 5.

Teachers of the high school and public grade school will attend the annual county institute at Waukegan on Tuesday after Labor Day.

Sisters of St. Peter's convent returned last week and are getting that school ready for opening on Sept. 5. The enrollment this year is expected to reach 200, a registration of 55 additional pupils having taken place last June with weekly increases noted.

Principal R. C. Edmundson of the Antioch Township High school said that the construction work on the addition to the school building will not interfere with the school work. Steel for the shops has not yet arrived but is said to be in process at Marengo, Ill.

Although pre-registration took place last spring, two days are being set aside for changes in schedules and for additional registrants.

On Monday, Aug. 27, freshmen may have conferences from 9 to 12 in the forenoon and sophomores from 1 to 4 p.m. Junior may have conferences from 9 to 12 on Tuesday, Aug. 28, and seniors from 1 to 4 p.m. that day. Those who cannot come in the daytime are advised by Mr. Edmundson to come at night.

Books may be purchased at the time of registration.

The staff of teachers is complete with the exception of librarian Principal Edmundson said. A prospect for the position has taken a job elsewhere.

A workshop for the teachers will be conducted the Thursday and Friday before the opening of school in conjunction with Waukegan Community High School. The first day session will be at Waukegan and the second in Antioch.

The Antioch Grade School will open Wednesday morning, Sept. 5, for a full day's session. All classes will be held this year at Antioch, and the Oakland School will not be re-opened.

The cafeteria will start operations the first day of school, with Mrs. Emilie Olsen managing, and Mrs. (Continued on page 7)

## Dusette - Palmer Match Headliner Tomorrow at Round Lake Park Ring

George Dusette, latest sensation in the wrestling situation, faces his toughest assignment when he meets Walter Palmer, of Des Plaines in the 60 minute windup Friday night in the Lake County stadium in Round Lake Park.

Promoter Fred Kohler had to offer Palmer an exorbitant percentage for him to take Dusette because of the brilliant showing the Boston wrestler has been making the past month.

The Dusette-Palmer clash will bring together the exponent of the full nelson as used by Dusette and the spinning leg hold featured by Palmer. Walter has gained many devastating victories with his spinning leg hold. Once he maneuvers an opponent into position to clamp on the grip, it is very seldom that the foe can evade it.

Because of his short sturdy arms and broad shoulders, Dusette has specialized in the full nelson. The consensus is that the wrestler who first clamps his grip on the other will exhaust his foe and win the match.

During his campaign in the mid-west Dusette has met not only juniors (continued on page six)

## Volunteers of America Plan Tag Day Saturday

Permission has been granted the Volunteers of America to hold their annual Tag Day Saturday.

Mrs. Chas. B. Smith is in charge of the young people who have been invited to come out and help. The young people who assist will receive cash awards or a movie ticket. Headquarters are at the Village Hall.

The Volunteers of America is entering its 56th year of humanitarian service rendering relief to thousands of citizen who are reached by no other organization.

**FORT RILEY, KANSAS**—Cpl. Robert James January, whose wife, Marion Annette lives on Route 2, Kenosha, Wis., is a member of the 104th Combat Engineer battalion which is at Fort Riley helping rehabilitate the historic old post. The Fort suffered its worst flood in the 99 year history of the military establishment during the early part of July.

Say Uncle, Joe

## Vets Lose in Ninth to Kenosha Model Tavern 7-6, Play Silver Lake

The Antioch V. F. W. played one of its better games last Sunday, but a couple of mental lapses lost them the game to Model Tavern of Kenosha 7 to 6.

The Kenoshites started with a bang combining three hits and two walks to jump off to a three run lead in the first inning. Not to be outdone, the Vets bunched three hits and a couple walks in their half of the first to take a 4-3 lead. The game settled down into a pitchers' duel between Ed Olsen and Gene Becker for the next five innings and neither team could generate a run. In the seventh the Taverners went ahead on a pair of runs. Antioch tied the score in the eighth, however, at 5-5. In the ninth the visitors again scored two runs to take the lead. Antioch also rallied in the ninth for one run but the tying run was trapped off third to end the game.

Ray Scott, Ray Wells, and Jack Pregrener were mainly responsible for Antioch's fine showing although nine of the ten players that saw action hit safely. Scott collected two hits, one coming in the first driving in two runs. Wells' one safety-came with the bases loaded in the first inning and also drove in two runs. Jack Pregrener drove in the other two Antioch tallies with a single and an infield out.

Both starting hurlers went the route with Becker getting the victory. He struck out nine and walked but three men. Olsen fanned nine and walked five. Each man allowed eleven hits so that pitching performances were very nearly identical.

Next week Antioch will again face Silver Lake at the local diamond. Each team has one victory and Antioch will be out to win the rubber tilt.

Model 300 000 202-7  
Antioch 400 000 011-6

## Bowling League Meetings Announced for 3 Groups

The Business Men's bowling league will meet this evening in organizing for play at the Antioch Recreation which will start the week after Labor day and not this week as previously announced.

The Tavern league will have its meeting Monday night and the Ladies Major league on Tuesday night. The Men's Major league will meet at a later date.

The lanes of the Antioch Recreation have been resurfaced and the racks, which have not as yet been installed will be installed by the time of league play, according to promises of the Brunswick Co.

**Has Champion Cow**  
Springfield, Ill., August 14—Special Richards Matthews, 15 year old son of Mr. and Mrs. Russell Matthews won Champion Holstein on his three year old cow, at the Illinois State Fair, Junior Department. He is a member of the Huntley F. F. A. and the Huntley 4-H Club.

## Wiring Catches Fire

The fire department was called to the Charles Reed property at Grass Lake Monday evening where a short circuit occurred in the wiring of a barn. The Reeds first called the Public Service Co., and then the fire department. The service company man arrived first and when he cut off the power the burning insulation of the wires stopped and the firemen were not needed.

## Lake Villa Establishes New Traffic Ordinance; Sets Two Hour Parking

Traffic ordinance establishing two-hour parking on the downtown street and limiting to one hour parking anywhere on village streets from 1 a.m. to 5 a.m. has been passed by Lake Villa.

The two-hour parking zone (Sundays and holidays expected) is on Cedar ave between Grand ave. and the western side of Soo Line tracks.

Parking on the north side of this street shall be parallel to the curb and on the south side at an angle, the trustees decreed.

Directional signs are limited to village and state signs and parking must be 30 feet from the intersection signs and 15 feet from intersections elsewhere.

Motorists are compelled to stop and sound car horns when emerging from alleys.

Speed is limited to 20 miles an hour in the business section, 25 miles in the residence, and 35 miles in the suburban area.

Trucks must be unloaded in the rear of premises or store wherever possible.

Unreasonable obstruction of traffic by cars or trains is prohibited. The penalty for any or all violations is not to exceed \$200.

## High School Board Seeks Bids On Oil For Heating School

An advertisement on another page of today's News asks that local oil companies submit bids for oil with which to heat the building for the coming year.

Installation of an oil burning type of furnace is almost completed. This is one of the improvements in the remodeling of the present plant. The early installing of the furnace will allow the contractor to proceed with the addition to the building and always be certain of adequate heating for the portion added. The boiler is from the Pacific Boiler Company which has a branch office in Waukegan.

An eight thousand gallon storage fuel oil tank was purchased and installed to supply the fuel oil. The capacity of the tank will allow the purchase of fuel oil in sufficient quantities to insure a constant supply.

## Indian Point Association Plans Party for Aug. 25

The Indian Point Improvement association will have its second annual get-together party at the Grass Lake school at 8 p.m. Sunday, Aug. 25. There will be cards and other amusements, and refreshments will be served.

Plans for the event are in the hands of a committee comprising Dr. L. J. Jurek, Henry Stott, Charles Holmes Jr., Kenneth Albright, Edward Kugle, Henry Keating and Elmer Davis.

## Tax Collecting at Half Mark

John Horan, town tax collector, said that with three weeks yet to go, he has collected more than 50 per cent of the money assessed. Last year the total was more than \$211,000 and so far he has collected more than \$100,000. There has been but one formal protest and that from a Chicago man.

## Gaston New Fireman

The village board has confirmed Robert Gaston as a new member of the fire department.

## Rescue Squad Drive Off to Good Beginning; Gifts Pass \$1200 Mark

## All Money This Year For a Building to House Equipment

Mail subscriptions to the Antioch Rescue Squad fund already have passed the \$1,200 mark, Loren D. Sexauer, chairman of the Lions committee sponsoring the drive announced.

Letters sent out recently in the annual drive announced that the money received this year will all be earmarked for the new building needed by the squad for its equipment.

In previous years the club had allocated part for the building fund and part for operating expenses. More than \$5,000 is in the building fund and this year's contributions will be added to it.

"The squad operated last year on the low sum of \$1,600," commented Sexauer. "The men receive nothing for their work which is contributed."

Because the squad members give so generously of their time and ability, the fact has brought a hearty response from donors in past years. The gifts last year averaged between \$7 and \$8.

The Rescue squad trucks and other equipment are housed in cramped quarters in the village hall. The village trustees are anxious to have possession of the place so that they can put in their offices as urged by the auditor.

The Rescue squad plans to construct its building on Broadway at the rear of the fire station which faces Orchard st.

On the Lions club committee besides Sexauer are Edwin J. Sletten, secretary-treasurer, William E. Brook, Edmund F. Vos, James W. McMillen, and James E. Kopriva.

## Milton E. Raditz, 55, Salem, Wis., Postmaster Dies at Vets. Hospital

Milton E. Raditz, Sr., 55, Salem, Wisconsin postmaster, died Monday, August 13, at 10:10 p.m. at the Wood Veterans Administration hospital at Milwaukee, Wisconsin after two months of illness.

Mr. Raditz was born September 18, 1895 in Chicago, living at Forest Park for several years before coming to Salem fifteen years ago. He was a member of St. Peter's Evangelical Lutheran church at Lake Forest, Bristol Masonic Lodge No. 145, Knight Templar Lodge No. 19, Chicago, Royal Arch Masons No. 248, Oak Park; Medinah Temple Shrine, Chicago; Junker-Ball post 1865 of V. F. W., Kenosha; Schultz-Hahn Post 293, American Legion, Silver Lake, Military Order Purple Heart, Kenosha; Wisconsin Postmasters Association, National Postmasters Association; and Fraternal Order of Eagles 1344, Forest Park. For five years he was employed at Dynamatic Co. in Kenosha previous to becoming postmaster at Salem three years ago.

Surviving are his wife Lillian M., two sons, Milton E. and Robert H. both of Salem, a brother Irwin of Berwyn, a sister Mrs. Ethel Radde of Chicago, and two grandsons.

Funeral services will be held at 2 p.m. C S T, Friday at the Strang funeral home, with the Rev. W. C. Calverts of the First Methodist church of Kenosha, officiating.

Interment will be in Liberty cemetery.

## Antioch Rescue Squad Aided Injured in Auto Collision Last Sunday

The Antioch Rescue squad provided ambulance service and first aid for some of the nine persons who were injured in a two-car collision on Grand ave. west of Rte. 45 at 9 a.m. Sunday.

Five Waukegan men and four Chicago residents were injured when the eastbound car of Frank Marcinkus, 38, Waukegan, struck the westbound car of Nick Curkovich, 20, Chicago.

Mr. and Mrs. Curkovich said that Marcinkus' car was weaving over the roadway as it approached and the Waukegan man was booked for reckless driving. Police said he had been drinking.

The injured were taken to St. Theresa hospital.

### ECONOMIC HIGHLIGHTS

#### Happenings That Affect the Future of Every Individual and International Problems Inseparable From Local Welfare

The next presidential election is well over a year away, but all the political camps are speculating on who the candidates will be, and the hopefuls are out looking for delegates. And there are plenty of straws in the wind.

Some months ago it was widely forecast that Mr. Truman would not run again. Recent developments make it look as if that forecast was decidedly wrong. More and more people, including both supporters and opponents of the President, now think that he will ask for and receive the nomination. There are various reasons for this. Mr. Truman has been nettled by the setbacks Congress has given his program—particularly in civil rights and welfare legislation—and he obviously believes that if he takes his case to the people they will support him. He is intensely resentful at the attacks on Dean Acheson and other members of his Administration and he wants his policies and his appointments to be justified by another victory at the polls. And he believes, in all sincerity, that he is the best man available for the biggest job in the world.

If Mr. Truman does not run, he will name the Democratic candidate. There is no argument about that. The power of the presidency is so great these days that it is inconceivable that the nominating convention would go against his wishes.

On the Republican side, Taft leads, but he isn't in by a long shot. The Senator from Ohio occupies a curious position. All concede that he is one of the ablest men in the Senate. He probably knows more about the complex workings of the government than anyone in public life today. He is thorough and conscientious and at all times he comes close to brilliance. He has organized and led the President's opposition, and he has more to say about GOP policy than anyone else. Yet, even among his friends and admirers, there is a feeling that Taft could not win—that,

from the vote-getting standpoint, he might be a weak candidate. This is the feeling that Taft must overcome if he is to be nominated. In the meantime, he has more convention votes in his pocket than any other Republican possibility. It has been said he is General MacArthur's choice. If that is so, he has gained an important asset.

Most curious of all is the Eisenhower situation. The General's prestige is enormous, here and abroad. He has a record which is almost beyond criticism. He has a warm and attractive personality, and little of austerity that is generally associated with top military men. But no one knows—or, at least, no one in a position to know has said—whether he is a Republican or a Democrat. Eisenhower followers in both parties are urging his candidacy. And no one knows what his views are on many vital subjects. The general opinion is that he is a strong internationalist in foreign policy, and that he tends to a relatively conservative stand on domestic policy.

The polls indicate that Mr. Truman's popularity is at a very low ebb. They also show General Eisenhower at the top in public esteem. But it is not likely that Mr. Truman puts much stock in polls after the 1948 miracle.

A few think that Mr. Truman may decide to voluntarily retire, come out for Eisenhower, and thus dumfound the Republicans. Others are equally certain that Eisenhower will run on the G O P ticket if the nomination is offered him. In any event, the General is the biggest question mark in all the speculations.

### HISTORY REPEATS ITSELF

One of the best of Dorothy Thompson's recent newspaper columns dealt with the workings of the Office of Price Stabilization controls. Miss Thompson laid special stress on the meat problem, pointing out that O P S policies have caused severe shortages in various parts of the country.

Then she said, "Normally speaking, the law of supply and demand influences prices. Where supply exceeds demand; prices fall; where supply is short and demand high, they rise. But where a commodity which has become a standard article of consumption disappears from the market, persons outside the market will supply it to those willing to pay. O P S measures have contributed to bring about short supply and the disappearance of beef into illegal channels. . . . 'You certainly cannot reduce prices by creating artificial scarcities.'"

In the course of her article Miss Thompson also observed that black market suppliers are buying newborn bull calves at auction at fantastically high prices. After the animals are raised to marketable size, it would be utterly impossible to sell the meat at the legal figure. So, inevitably, this meat will flow into under-the-counter channels—and the average family will not be able to buy it.

History repeats itself, and this time O P S is repeating the history of O P A in almost exact detail.

The black market is back, and is growing. People are having to go without things they want, because they can't find them in the legal market. Production is being discouraged in vital fields. That always happens when government runs the economy.

Department will hold its annual carnival at Lehmann park, beginning Friday evening, Aug. 17 and continuing through Saturday and Sunday, Aug. 18 and 19 and have many attractions and amusements for young and old, as well as refreshments. This is a good place to meet friends you may not have met since last year. This feature enables the group to carry on its work each year.

Mrs. John Johnson, a former resident here while her husband was section foreman on Soo Line, was guest of her nephew, Kaurin Karoli and family last week. The family now lives in Libertyville since Mr. Johnson's retirement.

Mr. and Mrs. Edwin Kapple and Mrs. Albert Kapple were at Berkeley, Ill. a suburb of Chicago, last Sunday afternoon to attend the christening of Janice Louise Rothers, infant daughter of Mr. and Mrs. Charles Rothers.

Mrs. Mary Makert and her sister-in-law who was here from Minnesota, spent Monday with relatives in Chicago.

Mr. Wm. Benson of Glasco, Kansas was guest of her brother J. R. Williamson and family early last week.

Mrs. John F. Arnold, widow of a former pastor of the Community Church forty or more years ago, called at the parsonage here on Monday last week. Her daughter, Mrs. Margaret Rogers of Indianapolis accompanied her. The Arnold home is in Des Moines, Ia.

The Pinocle Club was entertained by Mrs. Lottie Barnstable at her home on Tuesday last week.

## SHORT STORY

## Instinct Wins

By Richard H. Wilkinson

WHEN "SNICKER" Snyder, owner-manager of the Whirlwind baseball club, signed on a new player he always handed the newcomer a sheaf of typewritten papers and told him to read every line. Snicker

## 3 Minute Fiction

was 50 years old and had been affiliated with baseball and baseball players all his life. The game had certain fundamental rules, certain regulations that Snicker felt no rookie could possibly acquire on either a home-town or a college team. Therefore he had written them all down and he made each new player read them.

When Jock Dudley was handed the sheaf of papers he stared at it blankly and grinned. Snicker said sharply: "You read 'em, young feller! Every danged word."

Butch Garrison, Snicker's head scout, had found Jock. Butch was enthusiastic: "The kid's a natural," he told Snicker. "He plays by instinct."

"Instinct be damned!" Snicker said sarcastically. "Some players are naturally good, but, by gum, I've been in the game long enough to know you gotta learn the fundamentals or you get no place!"

Three days later in the bullpen Snicker watched the new rookie throwing a few of old Dutch Feyerell. Snicker flew off the handle. He could tell by the way Jock was throwing them that he hadn't read the typewritten sheaf of papers. He called Jock aside and laid into him.

But a week passed before Snicker was sure that Jock had read the typewritten rules. Then he wasn't satisfied.

"Maybe he read 'em," he snapped at Butch, "but they didn't do him much good. He ain't polished yet."

"He don't need to be polished," Butch says. "I tell you the boy is a natural."

"You're crazy! That stuff's for books. It don't happen."

"It is happening," said Butch. "The kid's throwing 'em and he's hitting 'em. What more do you want?"

"Polish," said Snicker. "He's got to do better."

Facts, however, are facts. Jock pitched in 10 games that season and won them all.

Snicker wasn't satisfied. He wouldn't admit that Butch was right. Yet at the same time he did confess that Jock was a profitable addition to the team.

PERHAPS Snicker was right in his insistence. At any rate, throughout the winter training, Jock steadily improved. He had acquired more polish. Snicker was almost satisfied.

"See!" he said to Butch. "What'd I tell you! The kid's been reading my rules. It's helping him."

"You're balmy," Butch replied. "The kid don't need rules."

And so the two old cronies continued to disagree throughout the summer. Jock Dudley brought laurels to the team.

Snicker was happy. He took all the credit for Jock's fame for himself.

Facts, however, are facts. Jock pitched in 10 games that season and won them all.

The only thorn in his rosebud was Butch. Butch insisted that Jock's greatness was due to no one but himself.

"You're sore," Snicker told him, "because folks are giving me the credit. Every one knows about them rules I wrote. Every one knows it's them fundamentals I thought up that put Jock where he is. Instinct! Nuts!"

Butch was fed up. He got sore. He told Snicker a few things about himself that Snicker had never heard before. "If you were anything but pig-headed," Butch roared at him, "I'd have told you something long ago."

"Told me what?" yelled Snicker. "I'm always willin' to listen to reason."

"If the reason fits in with your ideas you are," Butch yelled back. "I'd told you this long ago only I knew the kid was a natural, but you're so thick-headed you'd a thought he wouldn't make the grade unless he read your rules."

"He did read 'em!" The kid that you're so sure got places because of your danged old fundamentals can't read or write! He never read your paper because he couldn't. Now what do you think of that?" And Snicker didn't snicker.

## CHRYSLER INTRODUCES SARATOGA MODELS

New in the 1951 Chrysler line is the Saratoga model powered by the 180-horsepower Firepower V-8 engine, which previously has been available only in the longer wheelbased New Yorker, Imperial and Crown Imperial models. With a wheelbase of 125½ inches, the Saratoga will be available in the six-

passenger sedan pictured above, eight-passenger sedan, limousine, club coupe and the Town and Country wagon. Saratoga models will be available in a wide choice of standard colors and two tone color combinations.

**Boundary Lines**  
Within the United States straight and nearly straight latitude and longitude lines predominate as state boundaries. Colorado and Wyoming appear as perfect rectangles, each with two north-south and two east-west borders.

**Cause of Smog Damage**  
Major smog components responsible for damage to vegetable crops in the Los Angeles area have been determined to be unsaturated hydrocarbons, main source of which is petroleum.

**Elire's Patron Saint**  
Patrick, patron saint of Ireland, drove the snakes from the land and died in his early 70's, in A.D. 461. He is generally believed to be buried near Saul, 25 miles from Belfast, where he spent the later years of his life.

## LEGAL

**NOTICE OF PUBLIC HEARING**  
NOTICE IS HEREBY GIVEN by the Board of Education of School District No. 34 in the County of Lake, State of Illinois, that a tentative budget and appropriation ordinance for said School District for the fiscal year beginning July 1, 1951 will be on file and conveniently available to public inspection at the home of Henry J. Rentner, Antioch, Illinois from and after 9 o'clock A. M., the 6th day of August, 1951, at Antioch, Illinois in this School District, for a period of thirty days.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 8 o'clock P. M., the 11th day, of September, 1951, at the Antioch Grade School in this School District 34.

Dated this 1st day of August, 1951.

Board of Education of School District No. 34 in the County of Lake, State of Illinois.

By HENRY J. RENTNER,  
Secretary  
Pub. Aug. 2-9-16-51c

does your "HOT" shower

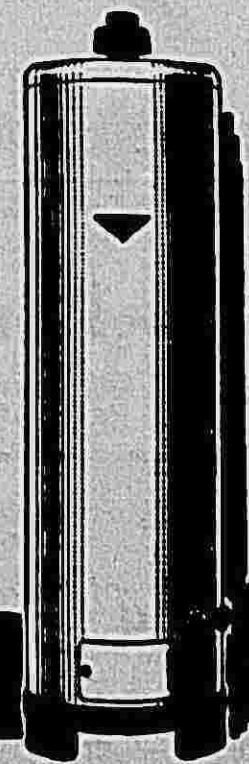

leave you COLD?

SWITCH TO AN  
AUTOMATIC GAS WATER HEATER

If you can't believe the label on your hot water faucet, it's time you changed to an automatic GAS water heater. Then, you'll have abundant hot water for all your needs. Thanks to a GAS water heater's "quick recovery," the hot water you want is always there waiting for you... there won't be any quick change act from hot to cold! "Quick recovery" makes all the difference in your hot water supply. It means that when you draw water off, a GAS water heater switches on... automatically... and more water is heated in a jiffy. If you want carefree water heating... switch to automatic GAS!

See your plumber, appliance dealer or our nearest store.  
Convenient monthly terms.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

**Rangers**

Young Americans have to be top men to get into the U.S. Army Rangers. The hard-hitting Rangers are small, units trained, armed, and equipped for the specific purpose of infiltrating enemy lines. Men are selected for high mental and physical abilities. All are qualified as parachutists. Training stresses the use of foreign weapons and maps, demolition and sabotage, guerrilla warfare, amphibious and airborne operations and close combat.

**More Kitchens "In the Pink"**

A decade ago, white kitchen cabinets were the rule, rather than the exception. Today, however, an increasing number of colored cabinets and appliances are appearing on the market. Pink is becoming an especial favorite.

**No Disarmament Here**

It actually happened. At a kitchen shower for newlyweds, the guests wrote their names on a rolling pin which was presented to the happy couple. A coating of shellac was then put on the rolling pin to preserve the names.

**Etiquette Hint**

On the street, if you stop a moment to speak to someone, you know, you need not introduce your companion, who usually walks ahead a little. You may feel, however, that it is more friendly to make the introduction.

**Foretold Air Power**

As far back as 1908, Alexander Graham Bell noted that the airplane would revolutionize warfare. "The nation that secures control of the air will ultimately control the world," he observed in one of his writings.

**Platforming**

A noteworthy development in the past year has been the use of platinum and palladium catalysts in new production processes. For example, "platforming," a new refining method for producing gasoline with high octane rating, is done with the aid of platinum catalysts.

**Beardless Cycles**

France had brief beardless cycles when courtiers shaved in deference to pink-cheeked boy monarchs, Louis XIII who came to the throne at nine, Louis XIV who succeeded him when only five.

**Use Your Vote**

Don't be afraid to "lose your vote." The vote that doesn't elect a man still influences what he does. A candidate who just squeaks through knows that you and others like you can repudiate him next time.

**Sewing Tips**

At the end of pleats, darts, and tucks, the threads are most satisfactory fastened when each is threaded into a needle and carried back along the line of stitching for about half an inch.

**KIEHL AUCTION**

12 miles southwest of Kenosha, 5 miles northeast of Antioch, Ill., 1/2 mile north of Wisconsin-Illinois State Line being 2 miles west of Hwy. 41 or 1 1/2 miles east of Hwy. 45, and 4 1/2 miles south of Hwy. 50 on SAT. - AUG. 18th

## A good sign to "go" by!

THIS shining emblem "GMC" is the sparkling sign of the fastest growing line of trucks in the land—with sales growth unmatched this year by any other manufacturer. The reasons for this are sound ones.

For in the chassis of a GMC you find "long-time, stay-with" stamina—truck-building that dares comparison with anything on the roads today.

Under the GMC hood you find real power—the kind of truck-built power it takes to keep goods moving year after year. Whether it's a nimble 1/2- to 2-tonner with horsepower unsurpassed in its class, or the fabulous two-

cycle Diesel which is outselling, outperforming every other make—a GMC puts more "go" to the load!

And in the cabs—drivers who work in comfort and safety. They have the look of men who know their truck will get the job done quicker and better.

You'll feel the same way when you try a GMC yourself. Come in—compare the facts, the features, the way they haul. Listen to the savings talk.

# SOCIETY EVENTS

## Van Pattens Given Surprise Party for 40th Anniversary

Members of the Antioch fire department and their wives and members of the Lew Van Patten family celebrated the fortieth wedding anniversary in the recreation room of the fire department.

The event was a surprise to the guests of honor. They were given a ride about town on the fire truck and at the fire station took part in a mock wedding. They were presented a platform rocker. There were dancing and refreshments throughout the evening.

The recreation room was decorated with baskets of ruby red gladioli.

Mr. Van Patten is charter member of the Antioch department, which was formed in 1933. He has been fire chief on three occasions.

## O. E. S. To Have Picnic Sunday

Antioch Chapter Order of Eastern Star will hold a picnic at the home of Mrs. J. W. Woods, in Lakeview subdivision on the north end of Lake Marie, Sunday, August 19. Pot luck lunch will be served at 1 o'clock.

Mrs. Dorothea Farms will be assistant hostess.

Cards will be played during the afternoon. O. E. S. members and their families are invited to attend.

## Former Antioch Actress Finishes New Picture

Janice Rule has finished a new picture "Star Lift," and is now at the home of her parents Mr. and Mrs. John Rule, Hot Springs, Ark., resting before starting another picture. The Rules formerly resided near Antioch.

Fan mail to Miss Rule may be addressed to her care of Warner Brothers, Burbank, California, and she said it would be greatly appreciated.

Her last picture was "Goodbye My Fancy."

## ST. ANDREWS EPISCOPAL GUILD LADIES TO SPONSOR STYLE SHOW

The latest Fall styles will be shown at the Style show and card party given by St. Andrews Episcopal church guild ladies at the church in Grayslake Thursday, August 23 at 1:30 o'clock. Mari Anne's of Antioch and Libertyville will furnish the newest Fall styles and also models, which will include the Misses Cynthia and Martha Rockenbach; Marion Parker; Jaquelyn Hansen; Susan Hall; Barbara Becker and Mesdames Weise; Gnarrre, Clara Schaeffer, Janes; J. Smedberg and Hedy Aberlin.

**Makes Golf Hole-In-One**

Principal R. C. Edmundson no longer can brag about his golf game to his wife.

Last week while the Edmundsons were at the state park golf course near Fish Creek, Wis., Mrs. Edmundson made a hole in one. The hole was a 70-yard drop-off.

The Edmundsons arrived home Sunday from their vacation trip.

**Girl Scouts Attend Camp**

Antioch Girl Scouts attended Camp Hickory Hill near Edgerton, Wisconsin last week. The camp is one established for some time by the Des Plaines Council. The girls were taken to and from camp by the parents. Those attending were Faith Sterling, Mary Lou Bushing, Luisa Vos, Marion Stowe, Carol Kopecky, Sue Wolfenbarger, and Mary Ellen Cranley.

**Wins With Milking Shorthorn**

Victor Lubkeman again won first prize with his milking shorthorn heifer, this time at the Kenosha County fair at Wauconda. He previously had won first place at the McHenry county fair at Woodstock and second place at the Lake county fair at Wauconda. At the Lake county fair he showed against an Iowa State champion.

Victor is the son of Mr. and Mrs. Emil Lubkeman.

**WOMAN'S AUX. TO  
ELECT NEW OFFICERS**

Members of the Deep Lake Woman's Auxiliary will hold a regular meeting Friday, Aug. 17 at the home of Mrs. Leona Maloy. Election of officers will be held. The outgoing officers are Mrs. E. N. Larson, president; Mrs. B. Ennis, secretary and Mrs. F. Luehr, treasurer.

W. G. Thom of Albany, Indiana, visited with old friends in Antioch and Millburn last week.

Mr. and Mrs. C. E. Hennings in company with friends of Chicago, plan to leave Antioch Friday for a trip to Florida and the east coast.

Miss Beverly Bishop of Kenosha is visiting her uncle and aunt, Mr. and Mrs. H. A. Tillotson this week.

BOARD MEETINGS:

Official Bd. 7:30 p. m. 3rd Thurs.  
Ch. Sch. Bd. 7:30 p. m. 1st Thurs.

### Nation of Phones

If the U. S. had only as many telephones in proportion to the population as the rest of the world, we'd now have less than 3,000,000 telephones in the whole country. Actually, there are more than that in service in New York City alone.

### Bench Protection

Unfinished benches will remain smooth and last longer if you give them a natural wood finish with boiled linseed oil.

### New Fingernails

Though growth varies, fingernails grow on the average about an eighth of an inch per month. If there is no disease, it will usually take about 160 days to grow a completely new nail.

## Surprise Party at Fire Station Celebrates the McMillens' Anniversary

Members of the Antioch fire department and their wives helped Mayor and Mrs. James McMillen celebrate their twenty-fifth wedding anniversary Tuesday night through a surprise party at the fire department recreation hall.

Mayor McMillen and other firemen had held their regular business meeting and movies of fishing in Alaska were being shown by Cecil Smith through courtesy of Nash Motors when in the darkness the women slipped in and were seated.

When the lights came on, it also dawned on McMillen that he was a guest at a celebration. His wife and son joined the group.

The firemen presented the McMillens with a miniature tree covered with 25 silver dollars in acknowledgment of the silver anniversary. A wedding cake served as a centerpiece on the luncheon table which was quickly arranged.

The McMillens were married 25 years ago yesterday at Christ church in Waukegan by Dean Howard Ganster. They have two children.

Surprises for McMillen at the fire station are coming regularly. At the last meeting his companions surprised him by presenting him with a badge of his office as head of the department in his capacity as president of the village board.

## Menzie's Family Holds Annual Reunion Sunday At Frank Dixon Home

As has been their custom for some twenty years, descendants of Jane and James Menzie's of Arbroath, Scotland, met Sunday, for the annual get-together, older members reminiscing, and becoming acquainted with the new members of the family. One branch of the family moved to Iowa, another to Penfield, Ill., many remaining in this section of Wisconsin.

The old homestead is at Brass Ball Corners and it is here that the gathering is usually held. This recent dinner was served in the dining rooms of the Salem Methodist church, the group then repairing to the old homestead, now the home of Mrs. Frank Dixon, where a pleasant social afternoon and supper was in order. The oldest member of the clan present was Mrs. Belle Minnis Clark of Penfield, and the youngest, two-month-old Sharon Lee Clark of Berwyn, a granddaughter.

On the roster of guests were Mrs. Frank Dixon, Mr. and Mrs. Everett Minnis, James, Donna, and William, Mrs. Annie Minnis and daughter, Miss Lucia, Mr. and Mrs. Walter Teunas, the Misses Jennie Loesch, Jossie Loesch, and Olive Hope, all of Salem; Mr. and Mrs. Robert Afton, and twin sons, Richard and Robert, Skokie, Mr. and Mrs. Lem Minnis and Miss Slide Smith, Glen Ellyn, Mrs. C. E. Pierce, Cleveland, Ohio, Mr. and Mrs. Jos. Kner and daughter, Elaine, Miss Jill McClusky, Griffith Ind., Mr. and Mrs. Robert Clark and Sharon Lee, Berwyn, Mrs. Alex Clark and Mrs. Milton Bryan, Penfield, Mr. and Mrs. Emil Scherer, John and Joe, Lee Minnis, Waukegan, Mrs. Lucia D. Orvis, Mrs. T. V. Durkin, Guy Bergstrom, Marion and William, Joann Kellogg, Miss Aleene Minnis, all of Chicago, Mrs. Grant Minnis, Mr. and Mrs. Torrence Thomson, Kenosha, Mr. and Mrs. Elmer Getka, Vincent, Walter Lee, Mary, and Barbara, Slades Corners, Mr. and Mrs. Lynn Brosow, John and Mary Lee, Mrs. George Mendenack, LeRoy Ann and Carol, Racine; Mr. and Mrs. Henry Rhodes, Burlington, and Mrs. Minnie Dixon, Bristol. Some of these relatives arrived on Saturday and others remained over the weekend for a longer visit.

## HOSTESS TO CARD CLUB MEMBERS

Mrs. Clara Buck entertained the members of her pinocle club at the home of her daughter Mrs. Elmer Hunter, Tuesday afternoon. Card prize winners were Mesdames William Osmond, M. Golden and George Kuhaupt.

Robert Wilton and his party of six are expecting to leave California for home next Sunday, coming by way of San Francisco and Denver. When he went to California last week Wilton flew in a transcontinental plane that was making its first flight. It flew more than 24,000 feet high and all Wilton saw was clouds below.

Mrs. H. B. Gaston arrived home Saturday from Carmi, Ill. where she spent the week at the bedside of her sister, Mrs. Dorothy Wallace, who underwent surgery a week before. She suffered from a blood clot in the lung which developed pneumonia. Her condition is improved.

**Largest Plant**  
Located in the town of Laurel, Miss., is the largest hardboard plant in the world. It is owned by Masonite Corporation.

## Additional 4-H Winners From Antioch at County Fair Listed by Judges

Additional champions and prize winners among 4-H contestants at the Lake county fair at Wauconda have been listed as follows:

Champion market beef, Max Morris; champion ewe lamb, Joe Strunka; dairy showmanship (girls) Joanne Paddock, first; dairy showmanship (boys) Albert Berkkel, fourth; beef showmanship, Max Morris, second; sheep showmanship, Max Morris, second.

Junior heifer calf, Holstein, William Farmer, grade B; senior heifer, Albert Berkkel, grade B; senior heifer or calf, Brown Swiss, Joseph Pochutis, grade B; senior heifer, milking shorthorn, John Wells, grade B.

Beef cattle—Baby beef, Hereford, Max Morris, grade A; breeding class, Hereford calf, Robert Seckatz, grade A; breeding class, Angus calf, Patsy Richards, grade B. Sheep—Hampshire purebred ewe lamb, Joe Strunka, grade A; market class, market lambs, Max Morris, grade A.

Rabbits—Junior buck, junior doe, Joanne Paddock, grade B; senior doe, Joanne Paddock, grade A.

Home garden display—James Murrie, grade A; Robert Clark, grade B.

Flower garden exhibit—Mary Herman, grade A.

Poultry exhibit—White Leghorns, James Murrie, young pen, and pullet, grade A, and cockerel, grade B.

## Dusette - Palmer Match..

(Continued from page 1)

lor heavyweights, but heavyweights as well. In meeting Palmer, the Bostonian will be spotting Walter around twenty pounds.

Round Lake Park will get a kick out of seeing "The Chest" (Bernard) in action. "The Chest" wrestles Al Williams, turbulent Fox Lake Star. "The Chest" has a normal chest of fifty nine inches and an expansion of sixty three inches. Williams is the unruly type of wrestler who can disconcert his rival and maneuver him into defeat.

An Australian Tag team match features Bob Clay, youthful Oklahama star and Lee Savoldi, of New Jersey against George Bruckman, of Washington and "Apache" Craig, the Indian warrior. The match is to a two out of three fall verdict with a sixty minute time limit.

The Clay-Savoldi duo are the clever type of wrestlers, but they are apt to get tough when the unethical team of Bruckman and Craig get unruly.

The show is one of the highlights of the summer season and a capacity crowd is expected.

## Egg-Laying Derby Still on at Antioch Mlg. Co.

There's no question -- "Which came first, the chicken or the egg?" -- at the Antioch Milling Co. feed store.

They know about chickens—and many folks in this vicinity are trying to find when the egg will come—and which pullet will lay the first one, George Wagner, manager, announced this week.

"Since we began the Pullet Derby, when the birds were 16 weeks old, folks around Antioch have been trying to pick the winner. According to the latest tabulation, Pullet No. 6 has been the slight favorite."

The Pullet Derby got under way July 28, when the White Rock pullets were placed in a special pen at the Antioch Milling Co. feed store, in a race to see which hen will lay the first egg. Visitors can "Pick the Winner" by selecting the hen they think will lay first, and then indicate on the entry blank which date they think the pullet will lay that egg.

Prizes will be given those selecting the right pullet and coming closest to the exact date. First prize is a dandy electric clock, second prize, a bun warmer, and third prize, a handy pair of kitchen shears.

For the duration of the Derby, all six pullets are being fed the identical ration—Furina Growena, with Formula "028" added.

George Wagner, said there is still time to try to pick a winner and name the date.

**Young Lobster Habits**  
The young lobster molts or sheds its bony shell as often as a grade-school boy outgrows shoes. Beginning from the second to the fifth day after birth, the lobster sheds up to 17 times the first year of its life and continues at a slower rate thereafter. At each molt, a small lobster can grow as much as 20 per cent.

## Quick Blaze

Here's a way to get a quick blaze when you build a picnic fire. Soak an unglazed brick in kerosene for a day or two before you'll need it. The brick will burn for a long while, and will ignite even damp logs without any kindling.

## Castor Oil Improves Paint

A University of Michigan professor has discovered that castor oil added to highway marking paint gives it a much better sticking quality and prevents its chipping off under strenuous wear and tear.

## Year-Round Chicken

"Spring-chicken" is now available at any season. Now, they're called broilers or fryers.

## HICKORY

Mr. and Mrs. Emmet King entertained at dinner Saturday evening, Mr. and Mrs. Elbert Elsbury, Gurnee, Mr. and Mrs. Joe Adams, Wadsworth, and the Karl Kippes, and the William Gamels from near Moline, Illinois.

Mr. and Mrs. Homer Edwards and two sons from Charleston, West Virginia arrived at Bert Edwards home Friday for a visit.

Bob Finkel arrived home Friday night from a 10 days fishing trip in Canada with Mr. Gowe, Gurnee and a group of boys.

Sunday supper guests at the Emmet King home were the George Rohr family and Mrs. Georgia Scoville, Kenosha also the Claire Scoville family from Oshkosh, Wis.

Sunday afternoon visitors at the Bert Edwards home were Mrs. Eva Alling Waukegan and Mr. and Mrs. Ward Edwards and sons of Rockford.

Mr. and Mrs. Roland Schmoekel and daughter Susan of Kenosha were Sunday evening callers at the Earle Crawford home.

Millburn O.E.S. will serve a Ham Supper Saturday evening Aug. 18 from 5 to 8 at Masonic Temple.

Mr. and Mrs. David Pullen of Zion also Mr. and Mrs. Harold Pullen of Lake Villa were Sunday afternoon visitors at the Curtis Wells home.

Mr. and Mrs. Raymond Wells of Waukegan and Mrs. Genevieve Rose of Pasadena, California were Sunday afternoon callers at the Earle Crawford home.

Mr. and Mrs. Charlie Lambertich and grandson from Libertyville were Saturday evening callers at Wm. Richards home.

Mrs. George Handley and daughter Ann and her aunt Mrs. Lillian Robbins of Chicago called at the Thompson, Hunter and Tillotson homes Wednesday afternoon.

Mr. and Mrs. Carl Himes and family from Round Lake were Sunday afternoon callers at the Oscar Finkel home.

Mr. and Mrs. Wm. Gerber entertained a brother and his wife, Mr. and Mrs. Ernest Gerber from Baraboo, Wis. for dinner Friday evening.

Mrs. Curtis Wells accompanied her daughter Shirley, to the Abbots Employees Picnic held Saturday at the Serbian Monastery Grounds.

Harold Thompson, Zion, visited the Will Thompson family Sunday evening on his way home from the Wilmot Fair.

Mr. and Mrs. Rudolph Novy and sons were Sunday dinner guests at the home of relatives, Mr. and Mrs. Arthur Pearson at Janesville, Wis.

Mrs. Albert Belongia and son, Johnnie from Kenosha, R.D., Wis., called on Mrs. Will Thompson, Monday morning, Aug. 13.

### New Dusting Methods Tested in Michigan

#### Charging Fungicides May Revolutionize Spraying

Fighting insects and plant diseases which damage farm crops may be revolutionized by charging dust particles in fungicides and insecticides with electricity, Michigan researchers reported recently.

Laboratory tests by Michigan State College researchers show charging of dust particles of normal dusting compounds gets five to ten times better coverage than through usual dusting processes.

A. W. Ferrall, head of the MSC

Henry D. Bowen, assistant in agricultural engineering at MSC, is shown experimenting with apples in the electrostatic dusting process.

agricultural engineering department, says field tests will be made this summer to try the new process commercially.

Fine dust particles of the fungicides and insecticides are charged with from 12,000 to 20,000 volts as they emerge from the nozzle of a regular commercial dusting machine. This high charge is held for several seconds. With dusts blown at a velocity of a mile a minute, it permits them to travel a great distance before losing the electric charge.

Engineers estimate the cost of necessary electrical attachments for the ordinary four-row duster would run around \$300.

### Few Hours Spent Cleaning Farm Pays Big Dividends

Spring is clean-up time—time to clean out the hazards around the farm which can cause personal injury, loss of time, or loss by fire.

And although many rural communities have already conducted clean-up campaigns, a few hours now and then spent in putting things ship-shape may save many days of time during the busy season later on. It is a well-known fact that orderly farms and homes have fewer accidents.

It will pay every farmer to take a few hours and remove accumulated papers, rags and rubbish from the home and farm buildings. Be sure that medicines, poisons and insecticides are out of the reach of children.

At this time of year many barns are still cluttered with an accumulation of things used during the winter. Clear them out of alleyways or working areas so they can not cause accidents. A neat place is a safe place for either work or play.

#### Clean Paint Job

For the housewife who wants to paint her flower pots before resetting plants, here is an easy, clean way to get the job done. Invert the pot over a milk bottle and as you work, turn the bottle and you won't have to touch the painted pot at all. Leave it until it's thoroughly dry.

### 4-H Clubs in Minnesota To Stress Food Projects

Some 49,200 4-H club members in Minnesota will be emphasizing three major food-producing projects this year—field crops, garden and poultry. They are among nearly two million youths throughout the nation who will be doing their part in the mobilization program by participating in 4-H club activities.

In these projects 4-H boys and girls learn new agricultural techniques and farming practices.

## OUR DEMOCRACY

by Met

### WHAT FREEDOM BRINGS

FREEDOM, AS WE HAVE COME TO KNOW IT IN AMERICA, BRINGS INDEPENDENCE OF MIND AND SPIRIT, SECURITY FROM OPPRESSION,

THE OPPORTUNITY TO LIVE WHERE WE CHOOSE AND WORK WHERE WE WILL.

MATERIALLY, FREEDOM BRINGS GREATER REWARDS FOR INDIVIDUAL ENDEAVOR THAN ANY REGIMENTS SYSTEM HAS EVER BEEN ABLE TO PROVIDE. THIS MEANS HIGHER LIVING STANDARDS FOR ALL OF US.

AND FREEDOM BRINGS WITH IT THE OBLIGATION TO MAINTAIN OUR DEMOCRACY AS A FORCE FOR SPIRITUAL ACHIEVEMENT AND MATERIAL ACCOMPLISHMENT.

#### Rescued Refrigerators

At one time manufacturers received complaints because children and grownups would bump into refrigerators with their toys and packages and the refrigerator coating would be chipped. To solve the problem, industrial finish designers developed a special finish that has extreme flexibility so that, when the refrigerator is banged, the finish blends with the metal.

#### Select Varieties

If you want to grow tree fruits in the backyard, select varieties which have some resistance to disease, suggests Allen H. Bauer, extension plant pathologist of the Pennsylvania State College. Transparent, Jonathan, and Golden Delicious apples, and Kieffer and Oriental types of pears are more resistant than other varieties.

#### Grow Good Garden

If you want to grow fine vegetables, use a good supply of organic matter, as well as commercial fertilizer in your garden. Robert Fletcher, vegetable extension specialist of the Pennsylvania State College, says that manure is first choice, but you can use a compost of leaves, straw, grass clippings, or vegetable plant refuse.

#### Ancient Americana

The first white child was born in America about 1000 A. D., or 500 years before Christopher Columbus discovered it, if the claims made in an old Norse saga were based on fact. The little girl's name was Snorri Karlsefne, and she was the daughter of Gudrid and Thorfin Karlsefne, brother-in-law of Leif Ericson.

### Uncle Sam Says

HE IS READY... ARE YOU?

BUY U.S. DEFENSE BONDS

Precision training and maneuvering means that our boys in uniform are prepared to do their job for defense. You must realize that defense is YOUR job too! U. S. Defense Bonds are now better than ever and one of the best ways you can do YOUR job is to buy Defense Bonds regularly. By buying these Bonds you help build a great American economic strength and at the same time you build your own future financial independence. Every Series E Bond you now own automatically goes on earning interest every year for 20 years from date of purchase. You will get 77 per cent more than your original investment by holding your Bonds.

U. S. Treasury Department

### CHRISTIAN SCIENCE CHURCHES

That false concepts of life, resulting in inevitable failures and disappointments, can be replaced with true concepts and consequent freedom and satisfaction, will be explained in next Sunday's services in all Churches of Christ, Scientist. The title of the Lesson-Sermon on Sunday, August 19, is "SOUL."

The Golden Text is from Psalms (25: 1, 4) "Unto thee, O Lord, do I lift up my soul. . . Show me thy ways, O Lord; teach me thy paths."

Bible selections (King James Version) in the Lesson-Sermon include these passages:

"Say to them that are of a fearful heart, Be strong, fear not: Then the eyes of the blind shall be opened, and the ears of the deaf shall be unstopped. . . And Jesus went forth, and saw a great multitude, and was moved with compassion toward them, and he healed their sick" (Isa. 35: 4, 5; Matt. 14: 14).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include:

"Knowing that Soul and its attributes were forever manifested through man, the Master healed the sick, gave sight to the blind, hearing to the deaf, feet to the lame, thus bringing to light the scientific action of the divine Mind on human minds and bodies and giving a better understanding of Soul and salvation. Jesus healed sickness and sin by one and the same metaphysical process" (p. 210).

### Pole Hopping Easy Task, Pilot Says After Flight

NEW YORK, N.Y.—The first pilot to hop across the north pole in a single engine plane recently called the flight "a simple one, that airlines—or even the Russians might easily duplicate."

Charles F. Blair, Jr., a chief pilot for Pan American Airways, made his transpolar hop from Bardu, Norway, to Fairbanks, Alaska, in 10 hours and 30 minutes.

The pilot flew into New York after stopping at Fairbanks for an hour of sleep and a beef sandwich. He averaged 375 miles an hour on the flight from Fairbanks.

#### Viking Period

The term "Viking Age" is usually applied to the period between the 9th and 11th centuries when predatory raids by the Scandinavian seafarers were terrorizing all Europe.

#### Penicillin Synthesis

The heart of the molecule is an unstable arrangement of atoms called a beta-lactam ring.

#### Airborne Pastor

Donald A. Rehmer, a wartime fighter pilot over Europe is serving as a United Presbyterian missionary in western Ethiopia.

# LEGAL NOTICE AN ORDINANCE PERTAINING TO TRAFFIC IN THE VILLAGE OF LAKE VILLA, ILLINOIS

BE IT ORDAINED BY THE PRESIDENT AND THE BOARD OF TRUSTEES OF THE VILLAGE OF LAKE VILLA, LAKE COUNTY, ILLINOIS:

**SECTION I - REQUIRED OBEDIENCE OF THIS ORDINANCE:** It is unlawful, and unless otherwise declared in this ordinance with respect to particular offenses, it is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this ordinance.

**SECTION II - OBEDIENCE TO POLICE OFFICERS:**

Members of the Police Department are hereby authorized to direct all traffic in accordance with the provision of this ordinance and it shall be unlawful for any person to fail or refuse to comply with any lawful order, signal or direction of a policeman. Except in cases of emergency, it shall be unlawful for any person not authorized by the Village Marshal to direct or attempt to direct traffic.

**SECTION III - UNAUTHORIZED SIGNS:**

It shall be unlawful for any person to place, maintain or display any device other than an official warning or direction sign or signal authorized by statute or ordinance upon or in view of any street if such device purports to be or is an imitation of an official warning or direction sign or signal or directs or purports to direct the movement of traffic any unauthorized device is hereby declared to be a nuisance and may be removed by any policeman without any notice.

**SECTION IV - INTERFERENCE WITH SIGNS:**

It shall be unlawful for any person to attempt to or in fact deface, alter, injure, move or interfere with any official traffic sign or signal or any Railroad sign or signal or any inscription, shield, or insignia thereon or any part thereof or any street signs or markers.

**SECTION V - DRIVING FROM ALLEYS, DRIVEWAYS OR GARAGES:**

The driver of a vehicle emerging from an alley, driveway or garage shall stop such vehicle immediately prior to driving over a sidewalk or across a sidewalk line projected across such alley, sound the horn of said vehicle, and shall exercise unusual care in driving upon said sidewalk or across such line or on to the street.

**SECTION VI - VEHICLES NOT TO BE DRIVEN OR PARKED ON SIDEWALKS, PARKWAYS OR SAFETY ZONES:**

No driver of any vehicle shall drive or park such vehicle within any sidewalk area or parkway area, except at a permanent or temporary driveway, not at any time into or upon any portion of a roadway marked as a safety zone.

**SECTION VII - DRIVING ON THE RIGHT SIDE OF THE ROADWAY:**

Upon all streets except where the right half of the street or roadway is closed to traffic while under construction or repair, the driver of any vehicle shall drive the same upon the right half of the street.

**SECTION VIII - SPEED RESTRICTIONS:**

No person shall drive a motor vehicle upon any public highway at a speed greater than is reasonable and proper, having regard to the traffic and the use of the way or so as to endanger the life or limb or injure the property of any person.

If the rate of speed of any motor vehicle through the business district of the village exceeds twenty (20) miles an hour or if the rate of speed of any such motor vehicle operated on any public highway where the same passes through the residence district of the Village exceeds twenty-five (25) miles per hour, or if the rate of speed of any such motor vehicle operated on any public highway in a suburban district exceeds thirty-five (35) miles an hour, such rates of speed shall be prima facie evidence that the person operating such motor vehicle is going at a speed greater than is reasonable and proper, having regard to traffic and use of the way or so as to endanger the life or limb or injure the property of any person.

The fact that the speed of a vehicle is lower than the foregoing prima facie limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around the curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, or when special hazards exist with respect to pedestrians or other traffic or by reason of weather or highway conditions, and speed shall be decreased as may be necessary to avoid colliding with any person or vehicle or on entering the highway in compliance with legal requirements and the duty of all persons to use due care. In addition to the above all regulations indicated by signs or markers placed upon the streets or parkways shall govern the motorists.

**SECTION IX - TRAFFIC NOT TO BE OBSTRUCTED:** No vehicle, train, steam or electric street car shall be operated or allowed

to remain upon any street in such a manner as to form an unreasonable obstruction to traffic thereon and not longer than the amount of time allowed by state statute. The provisions of this section shall also apply to railway crossing gates.

All motor trucks shall load and unload their cargo in the rear of the premises or business establishments, when it is possible to do so.

**SECTION X - UNATTENDED VEHICLES:**

No vehicle shall be left unattended while the motor of such vehicle is running; and no vehicle shall be left without a driver on any hill or incline unless the vehicle is secured against moving.

**SECTION XI - UNLAWFUL NOISES:**

It shall be unlawful to operate a vehicle on the streets of this village, which makes unusually loud and unnecessary noise.

**SECTION XII - HORN:**

Every motor vehicle shall be equipped with a good and sufficient audible signaling device in efficient working condition. Such signaling device shall be sounded only when necessary to give timely warning of the approach of a vehicle, but such horn or other signaling device shall not be sounded for any purpose other than as a warning of impending danger. No motor vehicle shall be equipped with a siren or gong signaling device except emergency vehicles, such as police vehicle, fire vehicle and ambulance.

**SECTION XIII - GAS AND SMOKE:**

It shall be unlawful to operate any vehicle which emits dense smoke or fumes as to be dangerous to the health of persons and as to endanger the driver of other vehicle.

**SECTION XIV - MUFFLER:**

No motor vehicle shall be operated on any street, alley or public place within this village unless such vehicle is provided with a muffler in efficient actual working condition and the use of a cut-out is prohibited.

**SECTION XV - NO PARKING PLACES:**

At any time it shall be unlawful to permit any vehicle to stand in any of the following places except when necessary to avoid conflict with other traffic or in compliance with the direction of a police officer or traffic signal:

1. In any intersection;
2. In a crosswalk;
3. Upon any bridge or viaduct;
4. Between the safety zone and the adjacent curb or within twenty feet of a point on the curb immediately opposite the end of the safety zone;
5. Within thirty feet of a traffic signal or a through street sign on the approaching side;
6. Within twenty feet of any intersection;
7. At any place where the standing of a vehicle will reduce the usable width of the roadway for moving traffic less than eight feet;
8. At any curb within Fifteen Feet of any fire hydrant;
9. At any place where the vehicle would block use of a driveway;
10. Within Twenty-five feet of the nearest rail of a railroad crossing;
11. Within ten feet of the driveway entrance to any fire department station;
12. At any place where official signs prohibit parking.

**SECTION XVI - PARKING TIME LIMITED IN DESIGNATED PLACES:**

No vehicle shall be parked with the left side of such vehicle next to the curb and it shall be unlawful to stand or park any vehicle in a street other than parallel with the curb and with the two right wheels of the vehicle within 12 inches of the regularly established curb line except that upon those streets that have been designated or marked for angle parking, vehicles shall be parked at the angle to the curb indicated by such marks.

The driver of any vehicle shall not park such vehicle for longer than two hours at any time between the hours of 8 o'clock A. M. and 6 o'clock P. M. of any day except Sundays and public holidays on the following street:

On Cedar Avenue between Grand Avenue and the westerly side of the Soo Line Railroad Tracks.

All parking on the North side of the above portion of Cedar Avenue shall be parallel to the curb in the places established and marked at such curb and on the South side of above portion of Cedar Avenue, all vehicles shall park at an angle to the curb indicated by marks for such angle parking, and all such vehicles shall stand only within such area designated by marks and in no other ways.

**ALL NIGHT PARKING:**

It shall be unlawful to permit any vehicle to stand on any public street or alley for a longer period than one hour anywhere in the Village between the hours of one A. M. and 5 o'clock A. M.

**SECTION XVII - BUS STOPS:**

The Village Marshal is hereby authorized to establish bus stops on such streets and in such places as he shall determine to be of the greatest convenience to the public; provided however that every bus

stop shall be designated by appropriate signs. The term "Bus" as used herein applies to any motor or electrically driven vehicle operating over a regularly designated course on schedule and carrying passengers. It shall be unlawful for any other vehicle to park in an officially designated bus stop except that in an emergency the driver of any passenger vehicle or truck may temporarily stop.

**SECTION XVIII - UNATTENDED VEHICLES - OBSTRUCTING TRAFFIC:**

Whenever any police officer shall find an unattended vehicle obstructing traffic upon a street, sidewalk, or bridge such officer is hereby authorized to provide for the removal of such vehicle to the nearest garage or other place of safety.

**SECTION XIX - RECKLESS DRIVING:**

It shall be unlawful for any person to drive any vehicle within the limits of the Village of Lake Villa in a wilful or wanton manner or so as to unnecessarily endanger life or property, and any person so operating a vehicle shall be guilty of reckless driving.

**SECTION XX - PUTTING GLASS, ETC., ON STREETS:**

No person shall throw or deposit upon any roadway or street any glass, bottles, nails, tacks, wires, cans or any other substance likely to injure any person animal or vehicle upon such roadway or street.

**SECTION XXI - DUTY OF POLICE TO ENFORCE:**

It shall be the duty of the Village Marshal of this village to enforce the provisions of this ordinance and police officers of this village are hereby authorized to direct all traffic, either in person or by means of visible or audible signal in, conformance with the provisions of this ordinance, provided that in the event of a fire or emergency or to expedite traffic or safeguard pedestrians, officers of the police or fire department may direct traffic as conditions may require, notwithstanding any provision of this ordinance.

**SECTION XXII - PENALTY:** Every person convicted of a violation of any of the provisions of this ordinance shall be punished by a fine of not more than \$200.00 for each offense.

**SECTION XXIII:** All ordinances in conflict with this ordinance are hereby repealed.

**SECTION XXIV:** This ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

APPROVED: WALTER W. SCHNEIDER, SR. PRESIDENT OF THE BOARD OF TRUSTEES

ATTEST: C. W. Reinebach, Village Clerk.

APPROVED: Bernard J. Juron, Village Attorney.  
Passed: August 14, 1951.  
Approved: August 14, 1951.  
Published: Aug. 16, 1951.

## SHORT STORY

### Killed Instantly

By Richard H. Wilkinson

THE TELEPHONE on Sheriff Bill Streeter's desk jingled and he picked it up.

"Hello, Bill?" said an excited voice. "This is Guy Halbert. Say, for God's sake, get out to the ranch at once! Homer's been shot!"

"What makes you think so?" Bill asked.

"I just telephoned him. He said he'd been plugged and tried to tell who did it, but his voice trailed off. Then I heard a crash, as though he'd fallen."

"Where are you now?" said Bill.

"In Stansboro. I came in this morning to see about a cattle shipment. I was to call him and report this afternoon."

"O.K.," said Bill. "I'll go right out."

Two hours later Sheriff Streeter entered the main building of the Diamond G and found the place in a state of excitement. Jay Leonard, Gorham's foreman, dark-skinned, surly, ill-tempered, met the officer.

"Hello, Jay, what happened?"

"I dunno, Minnie, the housekeeper went in to the office to call the old man to lunch and found him."

"Doc Humphrey here yet?"

"Yup. Been here 30 minutes." At that moment a door behind the store fireplace opened and a gray-haired Doc Humphrey emerged. "Killed instantly," he said. "Can't say how long ago. Maybe two-three hours."

"Thanks," Sheriff Streeter entered the office. Gorham had been laid out on a cot and covered with a blanket.

Streeter returned to the main living room. Doc Humphrey was still there.

"Who do you reckon would want Homer killed, Doc?"

Humphrey scratched his chin. "Plenty. Everyone who worked for him hated him. He was a hard task master." He glanced swiftly toward

the scowling figure of Jay Leonard near the door. "I reckon Jay hated him as much as anyone. Then there's Guy Halbert."

"Guy was in Stansboro and Jay ain't the type to hate bad enough to kill."

"Well, I don't reckon Minnie would kill anyone."

STREETER WENT out to the veranda, and sat down and rolled a cigarette. He had a lot of thinking to do. He didn't want to make any mistakes.

Suddenly the officer bounded to his feet and went into the ranch house where Doc Humphrey was packing his bag. . . . Minutes later he returned to the veranda just as an automobile swung in at the ranch gate. Guy Halbert leaped from behind the wheel.

"Is he dead? Lord! I got here as soon as I could."

"He's dead," Streeter nodded. Halbert's eyes widened. "I was afraid of that. I was afraid that's what had happened when his voice trailed off."

"That so?" said Bill Streeter.

Halbert produced a handkerchief and began mopping his brow. "This

Streeter's voice was suddenly cold, accusing. "The doc says Homer was killed instantly, mister. Instantly. He's sure of it."

is terrible. Who do you think would want to kill him, sheriff?"

Suddenly, Halbert stopped mopping his brow and stared. Behind the sheriff he saw the dark face of Jay Leonard. Behind Jay he saw Doc Humphrey.

"Say!" he said, "what's wrong? What are you all staring at me like that for?"

"You, otter know, mister," said Streeter quietly.

"I? Why should I know?" His voice rose wildly. "Say, what's the matter? Lord! You don't think I did it? Why, I was in Stansboro! I can prove it."

"Sure you can. But you can't prove Homer wasn't shot before you went down there."

"I talked with him on the telephone. It was me he told about his being shot. It was me called you."

"Called me so? I wouldn't suspect you. Streeter's voice was suddenly cold, accusing. "The doc says Homer was killed instantly, mister."

"But—" Halbert stopped talking. Terror leaped into his eyes as the significance of the sheriff's words dawned on him. Killed instantly! A man who is killed instantly couldn't tell him over the telephone that he'd been shot!

## "Why Our Family owns 13 Dodge cars!"

"I was first in our large family to own a Dodge," says Frank Perrotti, Woodbridge, Conn. "But once the rest of the Perrotti family saw my Dodge, rode in it, compared it with the cars they were

driving, they all began to swing over to Dodge. Today my family owns 13 Dodge cars and 11 Dodge trucks . . . and that's saying plenty for Dodge value and dependability."

You could pay up to \$1,000 more and not get all the extra room, riding comfort and famous dependability of Dodge

Once you get a taste of Dodge roominess and comfort . . . once you see Dodge bigger dollar-for-dollar VALUE . . . your good judgment tells you that here is the car for you and your family!

### New Riding Comfort

Today you want a car that's built to last . . . one that saves you money mile after mile. And you want comfort, too. You want a car that protects you from bumps and jolts—even over back roads or detours. With the new Dodge Oriflow Ride, bumpy roads, ruts and chuck holes magically melt away.

Come in and judge for yourself. See if you don't agree that you could pay up to \$1,000 more for a car and still not get all the extra room, riding comfort, safety and famous dependability of Dodge.

Specifications and equipment subject to change without notice

A "MAGIC-MILE" DEMONSTRATION RIDE WILL PROVE DODGE EXTRA VALUE AND DEPENDABILITY!

Feeling In Believing! You sit and ride in comfort in a Dodge. There's loads of elbow room, leg room, head room.

Spending Five Minutes! Let us prove you could pay up to \$1,000 more and still not get everything Dodge gives you!

## Higher Education Doesn't Help Gal's Matrimonial Chance

NEW YORK, N. Y.—Higher education seemingly hinders rather than helps the American girl's chances for romance that leads to matrimony.

Among women at ages 35 to 44 with less than seven years of schooling, almost 95 per cent have been married at one time or other, according to Metropolitan Life Insurance Company statisticians, whereas among those with more schooling the proportion married declines to 90 per cent for high school graduates, and to 83 per cent for those with at least one year of college.

Girls with higher education who do marry, the statisticians observe, acquire husbands with more schooling.

Encouraging to marriage-minded girls is the finding that prospects for an early marriage, traditionally excellent for the average American girl, have become even brighter in recent years. The total number of married women in the United States has increased by some 8,000,000 since 1940, now standing at about 38,000,000.

"The present total reflects the marriage boom of the war and immediate postwar years," the statisticians point out, "and is a record high, not only in absolute numbers but percentage-wise to the adult population as well."

The statisticians also show that: American wives are relatively young—two fifths under 35 years of age, and only one sixth over 55.

In three fourths of all families the wife is somewhat younger than her husband. In only one family in eight is she older than her spouse, and then generally by a small margin. In the remaining eighth of the families husband and wife are the same age.

About two out of every three American women were employed at some time before they were married, and many continue to work after marriage until the first baby comes. Almost one half of all wives are employed through the first year of marriage, as against less than one in five at the time of the fifth wedding anniversary.

Currently, the odds are two to one that the wife will outlive her husband!

**Ancient Rice**  
Rice has been cultivated from time immemorial in tropical countries. According to one authority, the cultivated rice, in all its numerous varieties, originated from a wild plant which is indigenous to certain areas in India and also is native in tropical Australia.

**Peanuts and Cookies**  
Peanuts have long been used in cookies and other bakery products. Today packaged cookies are being developed that will include peanut flour which makes a delectable cookie that is rich in protein and vitamins.

## Russians Have Developed New Crossword Stickler

MOSCOW—Crossword puzzle fans have long been familiar with a three-letter word defined as a Central Asiatic animal—the Yak. Now the Soviet press has come up with a new puzzler.

A special dispatch from Ulan Ude, capital of the Buryat Mongolian Republic, says that a new, valuable type of agricultural animal has been produced by cross breeding the Tibetan yak and domesticated cattle. The new animal—crossword material, for sure—is called a hainyk, which roughly could be translated as "sturdy."

## Ah, Texas, Even the Birds Are Better Than Average!

LOS ANGELES—Zoologists at the University of California at Los Angeles have disclosed that the Texas nighthawk has been fitted by nature with a built-in cooling system in its mouth. The inborn icebox allows the bird to sit on its nies in 110-degree temperatures, they say.

According to the scientists, the natural refrigerator works like this: When temperatures rise, the bird opens its mouth; unique throat muscles fan air over large veins; moisture from oral surfaces is evaporated, cooling the hawk's blood supply.

Dr. Raymond B. Cowles said that nature apparently worked out this system. The night-flying bird, which has no sweat glands, must sit on eggs under a broiling sun. They cover their eggs during the day, he explained, not to keep them warm, but to keep them from being parboiled.

## Even Animal Life Hard Hit By the Housing Shortage

CHICAGO — With the housing shortage, what more could one expect?

George E. Green built a two-flat bird house three years ago and put it up in a mulberry tree in his back yard.

He was not too surprised when a family of squirrels took up residence in the first-floor flat this year. After all, there is a shortage of hollow trees in the neighborhood.

He was startled, however, when two blackbirds inspected the second-floor flat, found it to their liking, and moved right in. So far, all is harmony.

## Village of 40 Persons Likes Police Chief Very Much

MANTOLOKING, N.J.—This seashore resort village of 40 persons was apparently very grateful for Police Chief J. Harrison Herbert's long service record. They gave him a gift of \$1,400 and 25 silver dollars when he celebrated his 25th police anniversary. His wife received a watch and an elaborate floral bouquet.

A lot of money for so few people to give? Sure, but it works this way. Mantoloking jumps to a summer population of 1,500 and the summer residents helped out, too.

By HELEN OSMOND, Secretary (Aug. 2-9-16-51)

**Valued Metal**  
The United States—despite its part in the discovery of the metal and the fact that columbium was named for "Columbia"—is negligible as a source. At peak periods, this nation has accounted for only a few thousand pounds annually, gained in connection with mica, quartz, beryl, and other mining.

**Hen and Egg**  
About 22 per cent of a hen's body is protein and 14 per cent of an egg is protein, so the hen must have enough protein in her feed to keep her body weight up and enough more to produce eggs.

**Chicken Changes**  
Crossbred chickens are increasing in popularity in Kansas. More than one-third of the hatchery flocks in the state are mated to produce crossbred or hybrid chicks. New Hampshire are the most popular purebred flocks.

## Uncle Sam Says

Ten years ago newspaperboys rallied to the defense of their country by organizing an active campaign for the sale of U. S. Defense Bonds. Theirs was an outstanding record. Reviving that action of a decade ago, today's newspaperboys are again undertaking an active solicitation of subscribers on behalf of their country. Their campaign will be a feature during May, "Defense Bond Month." During the week May 14-19 the carriers will distribute and collect 25 million Defense Bond Pledge Cards. Watch your patriotism with theirs—sign your Defense Pledge Card. U. S. Treasury Department

## It's Not True

Claims of a record-breaking winter of 1950-51 are highly exaggerated. All the records for long, hard winters are still held by the years during the four glacial periods before about 30,000 B.C. Then "winter" lasted for centuries and the earth was covered with mountains and rivers of ice. All living things died and all land was barren of vegetation. Even continents and oceans appeared and disappeared.

**Crippling Statistics**  
An accident caused one out of every 17 persons in the United States to suffer a disabling injury in 1950, the National Safety Council reports.

**Safety Valve**  
It is quite normal for children to dramatize what they hear on the radio and see on television. Pretending to be the adventurous hero sometimes acts as a safety valve for emotions. Any child feels small and without status, and once in a while likes to feel he is the powerful figure in a situation.

**Artificial Members**  
Amputees are advised by National Patent Council that inventors are constantly at work trying to improve artificial members. Gilbert M. Motis, Burbank, Calif., recently was awarded a patent for an artificial arm with 199 parts that can turn and swing in a movement "combining the motions of supination, flexion, and abduction."

**Public Relations**  
The manual training departments of Dallas schools have plenty of lumber for classwork. Dallas home building firms provide two loads of scrap lumber monthly free of charge.

**No Ration Cards**  
Visitors to Britain staying in hotels do not need Ration Cards. There is no restriction on food served in hotels and restaurants.

**LEGAL**  
The Board of Education of the Antioch Township High School District No. 117 is interested in receiving bids from oil distributors in the area for approximately 30,000 gallons of No. 5 fuel oil to be delivered during the school year of 1951-52 in lots of four to five thousand gallons for each delivery. Bids will be received through Saturday, August 25th. All communications should be addressed to the Board of Education, Antioch Township High School District No. 117. If any prospective bidder desires further information he may call the high school office, telephone number 454.

HELEN OSMOND, Secretary of Board of Education Antioch Township High School Antioch, Illinois Aug. 16, 1951

## AUCTION!

## Garden Yardstick

For the gardener who is always in the need of a yardstick or tape and never seems to have one handy, here is an idea that will save much time and trouble. Make your own yardstick by measuring stick by painting bright rings on it at foot and half foot distances from the end.

## Electric Cowboy

Glass or porcelain insulators should be used on electric fences. Substitutes are poor economy and they don't look well or last long.

New Pasture Aids Control  
Of Worms in Poultry Flock

Poultry experts advise the farm wife who raises chickens to provide them with good pasture as a means to control worms. It is the most important reason why a new pasture should be provided each year for the growing flock, they report. Some of the better pasture grasses are a bromo-alfalfa mixture or ladino—if the soil and temperature are suited to ladino. Any poultry pasture should be clipped.

## Saves Money in Long Run

If your house looks to you as if it needs painting, you'll be wise to have a painting contractor check it over for you. Usually it's cheaper to paint than to procrastinate.

## Life Insurance "Tithers"

There are now well over three million "life insurance tithers" in the U.S.—spending units putting 10 per cent or more of their disposable income into this form of protection.

## Farmer's Question Corner

PREPARED BY  
American Foundation For Animal Health

## What About Calf Scours?

Q: Just what is calf scours?

A: It means an inflammation of the intestines which results in scouring.

Q: Is calf scours always contagious?

A: No. Some types are due to improper feeding or overfeeding. However, "contagious" scours—often called white scours—is a quick-killing infection which may appear suddenly even with careful feeding.

Q: What causes contagious scours?

A: Generally a germ called "E. coli". However, a virus may be responsible for some outbreaks. Once the intestine is damaged, in many kinds of germs may cause complications, also pneumonia or kidney damage.

Q: What are best precautions against calf scours?

A: Be sure calves get first milk or

colostrum. Avoid overfeeding. Provide clean quarters, ample ventilation and sunlight. Prevent calves from eating bedding. Use clean feeding buckets.

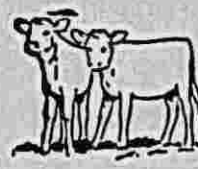

Q: What if an outbreak of scours appears?

A: Isolate sick calves and get a veterinarian immediately. He can recommend the proper control plan and treatment. This may involve use of serum, sulfa drugs or antibiotics. Don't guess!

Q: What about scouring in older calves?

A: Sometimes this is due to worms or to coccidia. A technical diagnosis is usually required to be sure of the cause.

NOTE—Due to space limitations, general questions cannot be handled by this column.

## Customers' Corner

It takes good employees to make a good food store. The reason your A&P is staffed with such high caliber men and women is because:

We pay good wages.  
We offer good hours and working conditions.

We give our employees vacations, pensions and many other benefits.  
We offer them opportunity for advancement when they do a good job.

All these things make A&P a good place to work; and a good place to work is a good place to shop. Please write:

## The Rice Custom

The almost world-wide custom of throwing rice at newly-married couples is believed to be a survival of the ancient religious practices of the Hindus and Chinese. In the Orient, rice is the emblem of fecundity and fertility, and throwing it at a newly-wedded pair symbolizes the wish that they may be blessed with offspring.

## More Synthetic Rubber

Tire manufacturers are increasing their uses of synthetic rubber in tires 7.50 on down. Year-end limitations held natural rubber to 51 per cent of the base period during January and 43 per cent during February. Manufacturers are bettering these figures by using more synthetic rubber.

## First Bikes

America's first bicycles, introduced from Europe in the early 1800's, were called, among other names, Velocipedes, Hobby Horses, and Dandy Carriages.

## Avoid Mosaic Spread

Tobacco users must be careful when working around tomato plants or mosaic will be spread to the plants, says Allen Bauer, Penn State extension plant pathologist.

## Budget Aid

Maple syrup operations have been considered a profitable agricultural "side-line" for years in the Pine Tree State and often have been credited with helping many generations of Maine families in balancing the budget.

## Man-Hour Losses

Time lost by workers from all accident causes in 1950 totaled 410,000,000 man-days, the National Safety Council estimates. That is equivalent to the shut-down of plants with 1,350,000 workers for an entire year.

## Watch Food Sources

Butter, milk, eggs, and cheese should be of high quality to give the best flavor and food value, so buy them from sources where they are kept under refrigeration and fresh supplies are made available daily.

## Set Plants Early

If you want a good crop of strawberries next year, be sure to set the plants early. Early planting helps get the plants established well and they will develop runners earlier than late plants.

## Orange Juice
